ReWork

Change the Way You Work Forever

BOLD thinking about conventional business wisdom and how to destruct this wisdom are the Guiding Principles of this book. Turning bad habits and working practices into BOLD advises how to behave and operate in today's working environment. At work and at home.

The authors, entrepreneurs by heart, champion a simpler, cheaper, and less labor-intensive way to run a business by consistently rejecting old-school business thinking.

They identified 10 operating themes and come up with BOLD advises, like *'Make decisions – don't sit on them'*.

The Global Reading Club also recommends:

The way we work and the future of work

Human beings can't thrive in a work culture that uses burnout and 'being always on' as proxies for dedication and success. Workplaces that empower people to take care of themselves are far more likely to deliver sustainable performance and happiness. Traditional companies are failing us and should encourage to break free of barriers to work in a more freedom way.
